**FREDERICK TO GET  
NEW I. O. O. F. HOME**

Tract on Road to Gettysburg Favored As Site for New Institution.

HYATTSVILLE, Md., April 7.—It looks as though the \$100,000 State home for aged and indigent Odd Fellows and orphans of members of the order in Maryland will be erected near Frederick. Thirteen hundred Odd Fellows making up the membership of the various lodges in Frederick county have bought and announced they are ready to donate a forty-acre farm, one-half mile from Frederick, on the road to Gettysburg.

The site is immediately opposite the old home of Governor Johnson, first governor of Maryland. The committee of the grand lodge on recommendation of sites for the home will place the Frederick offer first in their recommendations to the grand lodge which meets April 18, 19 and 20 in annual session in Baltimore.

The offer of twenty acres of land on the Washington-Marlboro pike near Forestville, Prince Georges county, made by Dr. John E. Sanbury, stands second or next to the Frederick offer with members of the committee, Grand Conductor W. H. Anglin says. Anglin will represent Oriole Lodge at the meeting of the Grand Lodge of Maryland, with Past Noble Grand Bradley Snyder as alternate.

**PITTSBURGH ORGANIZES  
TO WAR ON BLUE LAWS**

PITTSBURGH, April 7.—The granting of a Delaware charter to the Anti-Blue Law League of America, Inc., was announced here by incorporators of the organization, all residents of Pittsburgh.

A. R. Smith, Pittsburgh attorney and one of the incorporators, said that the league was formed in response to a popular demand from all parts of the nation. He added that the organization opposed a "wide open" Sunday and advocated an "American Sunday" of rest, religion and recreation. The league will seek to prevent the adoption of laws for an "airtight" Sunday, he said.

Other incorporators of the organization declared that the league would form branches in every State where there is blue law agitation. National headquarters will be maintained in Pittsburgh.
